

## **How to Access CHSofNJ via Public Transportation & Accessible Parking at the Main Office**

The NJ Transit River Line Hamilton Avenue Stop, a fully accessible stop, is conveniently situated just 350 feet from the main entrance of The Children's Home Society of New Jersey. Upon exiting the River Line, you will move down the ramp and cross the street to reach an accessible curb. From there, you can ascend the ramp with a railing that leads directly to CHSofNJ's main door.

Additionally, CHS offers four handicap-accessible parking spaces located at the front of the building. Scroll below for photos.

After parking, stairs are located to the left and a ramp will be located to the right. The ramp features a level curb for easy entry and is designed with a gentle slope. A railing is also available for those who wish to use it for added support.
