

The Last Scoop of Summer

Saying goodbye to the season

Rain or shine, nothing stops Team CHSofNJ from making memories! Our staff appreciation event was filled with laughter, games, and plenty of playful moments. Because life (and cookouts) aren't about waiting for the rain to pass—they're about dancing, playing, and celebrating together.

Who Threw The Pitch Out?

CHSofNJ had an unforgettable night at Trenton Thunder! We joined community partners at Capital City Night, where the spotlight shined on the people and organizations that keep Trenton strong. Julie Dees (CEO), Duncan Harrison (CAO), and Nate Hulfish (COO) took the mound and showed off their pitching arms. From Case Pork Roll to the passion of RevNJ, the night was all about celebrating the icons that make our city one-of-a-kind. And with Trenton's pivotal role in our nation's 250th birthday just around the corner, the excitement is only growing □.

Here's to baseball, community, and everything that makes Trenton a home run!

Summer started on an inspirational note with our Early Head Start athletes leading the opening ceremonies of the New Jersey Special Olympics.

At our recent "Bumps & Brushes" event, expectant moms tapped into their creativity while also building community and support.

Do you know of anyone who is seeking high quality early childhood education? Our Head Start program is still accepting applications for this fall. Click [this link](#) to start your application now!

We're sending a big **THANK YOU** to everyone who donated to our Back to School Drive! You have helped to set our kids up for success this school year.

Can't get enough of us? CHSofNJ has open positions at all levels that need to be filled with wonderful people like you.

Thank You So Much!

Bloomberg

Bloomberg's Intern Day of Service is a Huge Success!

380 interns prepared and packed 1,200 backpacks for CHSofNJ clients. We can't possibly thank you enough for your generosity and continued support. Your amazing donation will start the school year off right for our students.

Now CHSofNJ staff will take a quick break to build a fort out of the boxes.
