Board Member Spotlight

CRYSTAL MOORE, MARKETING EXECUTIVE "WHY I CHOOSE TO SUPPORT CHSOFNJ"

Before joining the Board of The Children's Home Society of New Jersey, I volunteered as a dance instructor with TEDI, one of the organization's school-based programs in Trenton.

What I witnessed there changed me.

TEDI did far more than teach dance steps—it sparked joy, boosted confidence, and helped children tap into their passions. I'll never forget learning that school attendance peaked on TEDI days. That simple fact spoke volumes about how much the program meant to students and how deeply it enriched their lives.

But the real turning point came when I realized that TEDI was only one part of CHSofNJ's far-reaching work. This single program, which I had seen transform children firsthand, represented just a small piece of the organization's impact. Understanding the breadth of the agency's services—and how they strengthen families and communities every day—ultimately inspired me to join the Board.

Why support CHSofNJ?

When you invest in CHSofNJ—whether through your time, expertise, or financial support—you're not just uplifting one program. You're powering an entire ecosystem of services that changes lives across New Jersey. Your contribution multiplies, reaching children, parents, and families who rely on CHSofNJ to achieve their fullest potential.

I give because I've seen the difference. And I hope you'll join me in supporting the work that makes our communities stronger.
