

DEAR EXPECTANT PARENT,

It is so nice to meet you! I am grateful that you are taking the time to learn about me, and I hope to have an opportunity to get to know you better as well. I know this is not an easy decision and respect the strength you have to explore a possibility of adoption. I hope this profile provides you with a sense of who I am and a life for my future child.

I always dreamed of having children. Working on my career, achieving goals and not be able to have children due to infertility, brought me to The Children's Home Society of New Jersey adoption agency looking for my dream come true and have a child. My life is now well-established, and I am also in good health. I have a secure job and savings to have a child. I earned a bachelor's degree in Agricultural Business and over 18 years of professional experience as an accountant. I currently work as a Financial Contract Analyst. I have been with the organization for over 7 years and have a proven record of good work. I own an apartment in Hackensack, NJ.

If you choose me to raise your child, know that your child will be loved and surrounded by my family and friends who will be there to support and cheer her/him on no matter where life leads. I will speak of you and her/him adoption story with love and respect.

I promise to raise a child in a loving home full of laughter and to give every opportunity I can.

I look forward to meeting you and answering question you may have.

With love and appreciation,

Margarita
